SIRA (Security Industry Regulatory Agency) is a government body responsible for managing the security industry in Dubai, UAE. Dubai government created SIRA in 2016 to work as an independent agency. Before SIRA, the Department of Protective Systems (DPS) of Dubai Police managed this responsibility.

OUR SERVICES

Vivcom offer even more security services to our value clients. For example,, biometric access control systems, Gate Barrier System, Home Automation, CCTV installation and structured cabling devices and even video intercoms. When you use vivcom Technical services, you get our satisfaction guarantee.

CCTV Surveillance

We take pride in being recognized as one of the top SIRA-approved integrators for security camera systems. Specializing in CCTV installation and maintenance, we offer comprehensive solutions for commercial and residential buildings, as well as homes and offices.

Home Automation

Our Smart Home Automation solutions transform your living spaces into intelligent, connected environments where comfort, security, and control are at your fingertips.

WIFI solution

A Wi-Fi solution typically involves providing a system or setup that enables wireless connectivity to the internet within a specific area

OUR SERVICES

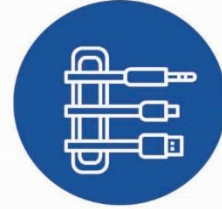

Parking Management Solution

A parking gate barrier system mainly consists of an electric motor. It supplies the power to open and close the gate automatically. A radio signal is sent from a transmitter in your vehicle to a receiver box that is mounted near the gate.

Firewall Solution

Firewalls help defend against various cyber threats, such as malware, ransomware, and hacking attempts, by filtering malicious traffic and blocking potentially harmful connections.

Structured Cabling

Plumbing is an important part of your facility, and it must be maintained on a regular basis to ensure that your plumbing system is in good working order. These issues can be extremely stressful if you are a business owner or manager.

OUR SERVICES

Speaker & Lightings

High-quality speakers can dramatically enhance entertainment experiences, whether you're watching movies, playing video games, or hosting a party. Great sound can create a more immersive atmosphere.

Aluminium & Fabrication Works

Aluminum fabrication can involve various techniques, including cutting, welding, bending, and assembling aluminum to produce components for a wide range of applications, from structural beams to custom enclosures.

Intruder Alarm System

Alarms can provide real-time alerts to unauthorized access, giving you a head start in responding to potential threats. This can be particularly useful for safeguarding homes, businesses, and other valuable properties.

OUR SERVICES

E-Guard & Video Guard

E-guard systems often include real-time alerts and notifications, allowing for immediate response to any security breaches or suspicious activities. Users can monitor and control their security system from anywhere using a smartphone, tablet, or computer, providing flexibility and convenience.

Intercom System

In case of an emergency, intercom systems can be a quick way to alert everyone in a building. Some systems can even be integrated with alarm systems for added functionality.

Access Control

we provide comprehensive Access Control System solutions that enable you to protect your property, restrict unauthorized entry, and enhance overall safety. Our state-of-the-art systems offer secure access management, real-time monitoring, and peace of mind.

FITOUT SERVICES

Gypsum & Glass Interior Partition Services

Gypsum and glass interior partitions are popular choices for modern spaces due to their versatility, aesthetics, and functionality. Choosing gypsum and glass partitions can greatly enhance both the functionality and aesthetics of your space.

Painting

We custom tailor painting jobs to our client's needs in order to extend the life of their property and achieve the desired results. Our painters make certain that our clients are completely satisfied with every stage of our industrial, residential, or commercial painting process, from site inspection to cost estimates to final inspection.

Plumbing

Plumbing is an important part of your facility, and it must be maintained on a regular basis to ensure that your plumbing system is in good working order. These issues can be extremely stressful if you are a business owner or manager.
